2. As regards the proposal to authorize the Dy. of Police to incur an expenditure up to Rs 25/- for repairs to tents, it is submitted that under para (3) of G.O. No. G 2129-65/Gen 131-08-1 & Re. dt. Sept 1908, all estimates for repairs to tents require the sanction of Govt. The broad provision for "purchase & repair of tents" is now under the control of the Gen & Rev Secy.

6. As regards the general question raised by the D.S.I. I think that disbursing officers and Heads of Departments may each be authorised to incur expenditure to the extent of Rs 10 & 25 respectively, within the limit of budget allotment for repairs & tents just in the same way as in the case of repairs of furniture.

Forwarded to the Financial Secretary with compliments for favour of his opinion.

8. Except in the case of the Geological Department and Government House, Mysore, the charges incurred in all Civil Departments of the State on account of purchase and repair of tents are recorded under the head 4 Purchase and repair of tents under 26 Miscellaneous (2) Miscellaneous - General. The whole of the grant under this head is at the disposal of Government, and it is not distributed. Charges for purchase and repair of tents in all departments except the above two are admitted only on sanctions of Government (Vide rules of September 1908). It is not therefore understood what budget allotment the General Secretary refers to. The Inspector General's general proposal cannot be sanctioned without causing a material change in the existing practice.

correspondence over trivial matters such as the expenditure of a few rupees (in the present case Rs 1187-) over petty repairs & tents. These small charges can easily be met by the divisional officers & Heads of Departments from the Contingent allotments of these officers.

13. 3. I do not see any harm even in placing a small amount at the disposal of the above officers for repairing of tents. It will no doubt cause a change in the existing practice. But considering the advantage to be gained in the way of minimising correspondence over trifling amounts I think ~~that~~ a change in the existing practice may not be undesirable.
